WHEREAS, Republic Act (RA) No. 9184, otherwise known as the “Government Procurement Reform Act”, took effect on 26 January 2003, while its 2016 revised Implementing Rules and Regulations (IRR) took effect on 28 October 2016;

WHEREAS, Section 63 of RA No. 9184 and its 2016 revised IRR authorizes the Government Procurement Policy Board (GPPB) to protect national interest in all matters affecting public procurement, having due regard to the country's regional and international obligations and to formulate public procurement policies, rules and regulations, and amend its IRR, whenever necessary;

WHEREAS, on 8 March 2020, the President signed Proclamation No. 922 declaring a State of Public Health Emergency throughout the Philippines upon the recommendation of the Department of Health (DOH) following the confirmed local transmission of the Coronavirus Disease 2019 (COVID-19);

WHEREAS, on 11 September 2020, the President signed RA No. 11494 or the Bayanihan to Recover as One Act (Bayanihan 2) in view of the unabated spread of the COVID-19 virus and the ensuing economic disruption therefrom. Section 4(u) of Bayanihan 2 exempts specific procurement projects related to the COVID-19 response from the coverage of RA No. 9184;

WHEREAS, notwithstanding the above exemption from RA No. 9184, Section 4(u) of the Bayanihan 2 provides that the procurement of products, materials and supplies produced, made or manufactured in the Philippines shall be subject to competitive procurement procedures;

1 a. Goods, which may include PPE such as gloves, gowns, masks, goggles, and face shields; surgical equipment and supplies; laboratory equipment and its reagents; medical equipment and devices; support and maintenance for laboratory and medical equipment, surgical equipment and supplies; medical supplies, tools, and consumables such as alcohol, sanitizers, tissue, thermometers, hand soap, detergent, sodium hypochlorite, cleaning materials, povidone iodine, common medicines (e.g., paracetamol tablet and suspension, mefenamic acid, vitamins tablet and suspension, hyoscine tablet and suspension, oral rehydration solution, and cetirizine tablet and suspension); testing kits, and such other supplies or equipment as may be determined by the DOH and other relevant government agencies: Provided, That the DOH shall prioritize the allocation and distribution of the aforesaid goods, supplies and other resources to the following:

(ii) Private hospitals which have existing capacities to provide support care and treatment to COVID-19 patients; and
(iii) Public and private laboratories that have existing capacities to test suspected COVID-19 patients.
b. Goods and services for social amelioration measures in favor of affected communities;
c. Lease of real property or venue for use to house health workers or serve as quarantine centers, medical relief and aid distribution locations, or temporary medical facilities;
d. Establishment, construction, and operation of temporary medical facilities;
e. Utilities, telecommunications, and other critical services in relation to operation of quarantine centers, medical relief and aid distribution centers and temporary medical facilities; and
f. Ancillary services related to the foregoing
WHEREAS, given the mandatory use of competitive procurement procedures, the certification requirement under Section 4(u)(ix) of the Bayanihan 2 that the Procuring Entity (PE) has exerted all efforts to secure the most advantageous price to the government would not apply as the price is open to competition, and would apply only to Negotiated Procurement or Emergency Procurement.

WHEREAS, in order to reduce the adverse impact of COVID-19 in the Philippine economy, particularly in the business activities and livelihood of Filipinos, most especially the local manufacturers and the micro, small and medium enterprises, in various sectors, the last paragraph of Section 4(u) of the Bayanihan 2 further requires the application of domestic preference for products, materials and supplies produced, made or manufactured in the Philippines in the procurement of COVID-19 related Goods subject to: (i) the issuance of a certification from the DTI that the articles forming part of the bid are substantially composed of articles, materials, or supplies grown, produced, or manufactured in the Philippines; and (ii) the submission thereof during the competitive bidding procedure in order for the Department of Budget and Management-Procurement Service or the concerned PE to make the award to the lowest domestic bidder notwithstanding that its bid is fifteen percent (15%) in excess of the lowest foreign bid;

WHEREAS, except for surgical equipment and supplies, laboratory equipment and its reagents, and medical equipment and devices, the items enumerated in Section 4(u)(1) of the Bayanihan 2, which are urgently required to address the current COVID-19 situation, are already included in the list of common-use supplies and equipment (CSE) available at the Procurement Service (PS) pursuant to GPPB Resolution No. 03-2020 dated 9 March 2020 to expedite their emergency purchase by the concerned government entities for their prompt mobilization and delivery;

WHEREAS, Section 43 of RA No. 9184 provides that goods may be obtained from domestic or foreign sources and the procurement thereof shall be open to all eligible suppliers, manufacturers, and distributors consistent with the country’s obligations under international treaties or agreements. However, in the interest of availability, efficiency, and timely delivery of goods, the PE may give preference to the purchase of domestically-produced and manufactured goods, supplies, and materials that meet the specified or desired quality;

WHEREAS, domestic preference under RA No. 9184 and its 2016 revised IRR is being applied through Sections 43.1 and 43.2 of the IRR of RA No. 9184 which provides that the PE shall give preference to materials and supplies produced, made, and manufactured in the Philippines by awarding the contract to the lowest domestic bidder claiming preference through the submission of a certification from the DTI that the articles forming part of its bid are substantially composed of articles, materials, or supplies grown, produced, or manufactured in the Philippines, provided its bid is not more than fifteen (15%) in excess of the lowest foreign bid and the award is in the amount of the lowest foreign bid;

WHEREAS, pursuant to Section 5(n) of the 2016 revised IRR of RA No. 9184, a foreign bid refers to any offer of articles, materials or supplies not manufactured or not to be manufactured in the Philippines, substantially from articles, materials, or supplies of the growth, production, or manufacture, as the case may be, of the Philippines. While a domestic bid refers to any offer for bidding, may it be from a domestic bidder or a foreign bidder, of goods, supplies or materials that are substantially grown, produced or manufactured in the Philippines, as evidenced by a Domestic Bidders Certificate of Preference issued by the DTI;

2 Domestic Bidder refers to any person or entity offering unmanufactured articles, materials or supplies of the growth or production of the Philippines, or manufactured articles, materials, or supplies manufactured or to be manufactured in the Philippines substantially from articles, materials, or supplies of the growth, production, or manufacture, as the case may be, of the Philippines as defined under Section 5(j) of the 2016 revised IRR of RA No. 9184.
WHEREAS, pursuant to Section 43.1.3 of the 2016 revised IRR of RA No. 9184, the DTI issued Department Administrative Order No. 19-01 and 19-10, series of 2019 prescribing the guidelines in the issuance of a certificate of preference for domestic bidders participating in government procurement projects upon determination that the articles forming part of its bid are substantially composed of articles, materials, or supplies grown, produced, or manufactured in the Philippines;

WHEREAS, pursuant to Article VI, Section 29(1) of the 1987 Philippine Constitution, which provides that “no money shall be paid out of the Treasury except in pursuance of an appropriation made by law” and Section 4(1) of Presidential Decree No. 1445 or the State Audit Code of the Philippines, which states that “no money shall be paid out of any public treasury or depository except in pursuance of an appropriation law or other specific statutory authority,” all award of contacts must be within the approved budget as provided for in the General Appropriations Act, corporate budget or budget ordinance of the concerned PE. Thus, the bid price of the lowest domestic bid with domestic preference must not exceed the approved budget for the contract (ABC);

WHEREAS, during the 11th GPPB Meeting, the GPPB - Technical Support Office (TSO) recommended rules on the conduct of competitive bidding for procurement of goods covered under the Bayanihan 2, thus:

Except for Procurement Projects covered within the conditions and threshold of Shopping under Section 52.1(b) and Small Value Procurement, the rules and procedure of Competitive Bidding or Public Bidding under RA No. 9184 and its 2016 revised IRR shall be adopted in the procurement of the following items covered under Section 4(u)(1) of RA No. 11494 or the Bayanihan 2 because the Bayanihan 2 requires the use of competitive procurement procedure:

   iv. testing kits; and
   v. such other supplies or equipment as may be determined by the DOH and other relevant government agencies.

b. Not included in the list of CSE of the PS:

For this purpose, the maximum periods and the recommended earliest possible time for action on specific procurement activities in Annex “C” of the 2016 revised IRR of RA No. 9184 may be used as reference in deciding which stage may the period be reduced or expedited by the PE;

c. dispense with the requirement of single largest completed contract for bidders claiming domestic preference considering that the items covered under the Bayanihan 2, if substantially grown, produced or manufactured in the Philippines as evidenced by a Domestic Bidders Certificate of Preference issued by the DTI, would be new product offerings of the bidders in order to address the shortage of supplies during the COVID-19 pandemic;

d. adopt the GPPB Resolution No. 09-2020, dated 7 May 2020, on Measures for the Efficient Conduct of Procurement Activities during a State of Calamity, or Implementation of Community Quarantine or Similar Restrictions, particularly the use of alternative documentary requirements such as the Performance Securing Declaration, as amended; and
