TOTAL No. of Client Steps	1
TOTAL No. of Agency Action	4
TOTAL No. of TAT or Duration of the Activity	15 working days * (Extendable)

** Extendable - Request for GPPB action/intervention requires Complete Staff Work (CSW) that is beyond conduct of research and study by the assigned project lead. It may include coordination and consultation meetings and conduct of focus group discussions and other means to gather data and information that are deemed necessary by the project lead to address the issue/concern in the request.*

Only after conduct of necessary staff work can the project lead prepare its recommendations and report to ED for the latter's review. Call for coordination/consultation meetings and setting up of focus group discussions depends highly on availability and participation of third party which the GPPB-TSO has no control over.

Further, while regular schedule of IATWG and GPPB meetings are on a monthly basis, conduct of actual meetings depend on the availability of members of both IATWG and GPPB. Failure to establish a quorum necessarily would warrant rescheduling of regular meetings.
