FOI

FOREWORD

With the advancement in Information and Communications Technology, public access to information is now more available and reachable with a simple touch of a button.

The issuance of Executive Order (EO) No. 2 on 23 July 2016, otherwise known as Freedom of Information (FOI), promoted the public's right to information through disclosure of appropriate public documents. This is the Government's initiative to inculcate transparency in its transactions, to ensure public trust, and promote checks and balances.

In support to the Government's initiative to promote transparency, the Government Procurement Policy Board - Technical Support Office (GPPB-TSO) presents this FOI Manual to serve as a guide for the public on how to access documents pertaining to public procurement, consistent with the identified exceptions pursuant to Section 4 of EO No. 2 (s. 2016).

We hope that this knowledge sharing mechanism will foster innovation and advancement not only in the field of government contracting, but also in the overall development of our nation and people.

Executive Director V

Notes:

1. This table sets our targets, at various point within the 15 working day response period, for completion of key steps in the process of handling an FOI request.
2. Each FOI request is different, so not all these actions will be required in each case – some will be much simpler – and sometimes actions will be completed earlier or later than the targets in this table. **However, it is always important to allow sufficient time for Decision Makers, etc. to clear FOI responses before expiry of the 15 working day deadline.**
3. For any request, it is essential to start as it as soon as it is received, to assess what work needs to be done and to plan that work so that the request is answered on time. This table is intended to help with that planning.
