### GOVERNMENT PROCUREMENT POLICY BOARD TECHNICAL SUPPORT OFFICE

Annex "A"

#### TERMS AND CONDITIONS:

- 1. Bidders shall provide correct and accurate information required in this form.
- 2. Any interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by you or any of your duly authorized representative/s.
- 3. Price quotation/s must be valid for a period of **FORTY-FIVE (45) calendar days** from the deadline of submission.
- 4. Price quotation/s, to be denominated in Philippine peso, shall include all taxes, duties, and/or levies payable.
- 5. Quotations exceeding the Approved Budget for the Contract shall be rejected.
- 6. In case of two or more bidders are determined to have submitted the Lowest Calculated Quotation/Lowest Calculated and Responsive Quotation, the GPPB-TSO shall adopt and employ "draw lots" as the tie-breaking method to finally determine the single winning provider in accordance with GPPB Circular 06-2005.
- 7. Award of contract shall be made to the lowest quotation which complies with the technical specifications, requirements and other terms and conditions stated herein.
- 8. The item/s shall be delivered according to the accepted offer of the bidder.
- 9. Item/s delivered shall be inspected on the scheduled date and time of the GPPB-TSO. The delivery of the item/s shall be acknowledged upon the delivery to confirm the compliance with the technical specifications.
- 10. Payment shall be made after delivery and upon the submission of the required supporting documents, i.e., Order Slip and/or Billing statement, by the supplier, contractor, or consultant. Our Government Servicing Bank, i.e., the Land Bank of the Philippines, shall credit the amount due to the identified bank account of the supplier, contractor, or consultant not earlier than twenty-four (24) hours, but not later than forty-eight (48) hours, upon receipt of our advice. Please note that the corresponding bank transfer fee, if any, shall be chargeable to the account of the supplier, contractor, or consultant.
- 11. Liquidated damages equivalent to one-tenth of one percent (0.1%) of the value of the goods not delivered within the prescribed delivery period shall be imposed per day of delay. The GPPB-TSO may terminate the contract once the cumulative amount of liquidated damages reaches ten percent (10%) of the amount of the contract, without prejudice to other courses of action and remedies open to it.
- 12. The Procuring Entity may cancel or terminate the contract at any time in accordance with the grounds provided under RA No. 12009 and its IRR.
- 13. The RFQ, Purchase Order (PO), and other related documents for the above-stated Procurement projects shall be deemed to form part of the contract.

#### THE ADMINISTRATIVE DIVISION

Government Procurement Policy Board-Technical Support Office Commonwealth Avenue, Quezon City

#### Sir/Madam:

After having carefully read and accepted the Instructions and Terms and Conditions, I/we submit our quotation/s for the item/s as follows:

	Minimum Technical Specifications	Quantity	Statement of Compliance (Please state "Comply" or "Not Comply" for each requirement/specification)
Procur GPPB-	rement of Pest Control and Disinfection Services for TSO		1 Lot
1. Sc	ope of Work		
1.1.	The service provider shall ensure that the treatment covers the following areas/premises of the GPPB-TSO.		
1.2.	All areas/offices inside the GPPB-TSO building, including the upper deck of the building.		
1.3.	All equipment/rooms in the GPPB-TSO building premises such as the Powerhouse, Pump Room, landscape, and Sewage Treatment Plant (STP).		
1.4.	Pre-inspection, post-treatment, duly accomplished service report and inspection result/report shall be submitted and approved/concurred by to the GPPB-TSO Administrative Division.		
1.5.	Pest control services shall be allowed only after office hours or during weekends subject to the approval of the GPPB-TSO Administrative Division-Handling Officer.		
1.6.	Conduct indoor inspection of areas prone to cockroach infestation and harborage such as cupboards, floor drains, cracks, crevices, and drainage systems to check the presence of cockroaches. Deal with the possibility of reinfestation from adjacent premises or vegetation, especially by ants' infestation		

1.7.	Monitor cockroach/insects' infestation by gathering all reported sightings or complaints from every unit and common area in addition to service technician observation.		
	A. Residual Insecticidal Spraying		
	- Intensify residual spraying in places and areas where insects congregate, crawl, and hide, including cracks and crevices, which they may enter.		
	- Use pyrethroid chemical to flush out cockroaches and determine their exact locations or harborages.		
	B. Insecticidal Bail Application		
	- The technique is designed to apply cockroach bait near harborages and aggregation areas, such as electrical wiring, telephone apparatus, and the like, using an adequate system of instruments.		
1.8.	Rodent Control		
	Inspection: Conduct regular inspection of all potential harborages and food sources of rodents such as pipe chase, basement areas, behind appliances, and point of entry, as well as regular inspection of all bait traps and stations.		
	Monitor cockroach/insects' infestation by gathering all reported sightings or complaints from every unit and common area in addition to service technician observation.		
1.9.	Flying Insect Control		
	Inspection - Thoroughly inspect the entire premises to determine the degree of infestation, entry points, and unforeseen breeding sites of mosquitoes and other flying insects.		
	Misting - Use misting machines inside the offices as said machines disperse minute droplets of insecticide solution in an aerosol range to attain minimum penetration of hard-to-reach or inaccessible areas to control mosquitoes and other flying insects.		
	Larvicide - Apply larvicide upon stagnant water, e.g., rain drains and other possible water reservoirs, which pose as a breeding source of mosquitoes.		

2. Du	ties and Responsibilities of Service Provider	
2.1.	The Service Provider shall provide all the labor and materials, tools and equipment, supervision, and other incidentals for the comprehensive termite and general pest control of the Department. All tools and equipment shall at all times be in good working conditions.	
2.2.	The Service Provider shall ensure that the scope of work and schedule of requirements are diligently rendered.	
2.3.	The Service Provider shall ensure that the services to be rendered will effectively exterminate any pests, insects, and rodents without the visible presence and disturbing odor or smoke of fumes. In any case that the GPPB-TSO finds to be ineffective on the services provided, the GPPB-TSO has the right to terminate the Contract at any time and shall not be obliged to pay the contractor for the services rendered.	
2.4.	The Service Provider Shall ensure that all the chemical supplies and materials necessary for the implementation of the work are of the best quality, safe and approved by the Bureau of Food and Drugs (BFAD) or certified by the proper government authorities.	
2.5.	The Service Provider shall provide/assign honest, skilled, and well-trained technicians/workforce to ensure proper application and treatment. All personnel assigned to the GPPB-TSO must wear proper company uniforms and identification cards.	
2.6.	The Service Provider shall exercise extraordinary diligence in the performance of its services to ensure that no illnesses, accidents, and/or damage to any of its employees will take place. The Service Provider shall shoulder all the medical expenses of their personnel (if any) arising from the accidents while performing the services.	
2.7.	The Service Provider shall provide an on-call service in-between schedules for immediate additional service/s if there be a sudden outbreak of infestation at the GPPB-TSO premises at no additional cost.	

2.8.	The Service Provider shall submit a Weekly Service Treatment Report to the GPPB-TSO Administrative Division-Handling Officer (AD-HO) indicating therein, the areas that were treated and monitored, duly confirmed/acknowledged by the GPPB-TSO.	
2.9.	The Service Provider, through its representative, shall visit the premises two (2) days after each treatment and evaluate the result of the services rendered, together with the GPPB-TSO AD representative.	
2.10.	A Quality Control Supervisor, affiliated with the contractor, shall visit the GPPB-TSO premises once a month or whenever necessary to undertake the following:	
	<ul> <li>a.) Coordinate with the GPPB-TSO authorized representatives in evaluating the effectiveness of the contracted pest and terminate control services;</li> </ul>	
	<ul> <li>b.) Service as pest control consultant by recommending ways and means to control infestation.</li> </ul>	
2.11.	The service provide shall provide all necessary certifications/ licenses for all the product/chemical to be used for pest control, disinfectant and pesticides prior to conduct.	
	ties and Responsibilities of Pest Control Operator CO)	
3.1.	PCO shall maintain a pesticide handling and application management system such that they are able to demonstrate their capacity to assure safety of the pesticide handler and the public.	
3.2.	PCOs shall only use FDA-registered household pesticides in their pest control activities. Other health products, including disinfectant, under the jurisdiction of the FDA which are used during the pest control activities must be duly-registered with the FDA.	
3.3.	The application of disinfectants used in pest control activities shall be governed by the standards applicable for HUHS products as provided in AO 2019-0019, FDA Circular No. 2020-0025, and its amendments.	

3.4.	The Certified Supervising Pesticide handler shall have direct in-person and/or remote supervision over the certified pesticide handlers in the conduct of pest control activities. The Certified supervising pesticide handler shall make use of innovative/digital technology and/or open communication tools in the conduct of supervisory functions during all operations	
	of pest control activity.
